This file deals with the scheme for the supply of Electric power to Shorapur town, Gulbarga District

While enclosing a copy of the questionnaire the President City Municipality Shorapur informed the Superintending Engineer, Hydro and Districts Hyderabad Deccan that there are altogether 1500 Looms in Kangamret and Timmapur worked on manual labour If power is made available at a cheap rate the weavers will have the opportunity to make use of it The President City Municipality Shorapur therefore requested the Superintending Engineer Hydro and District Hyderabad that the Gulbarga power house

can be provided with the new engines and the existing ones may be transferred to Shorapur

With reference to above letter the Collector Gulbarga requested this office to take necessary action in the matter This office has already addressed the Superintending Engineer, Hydro and Districts Hyderabad Deccan The result of the action taken by the Electricity Department is awaited

The President, City Municipality Shorapur has now sent the following telegram to Minister, Local Government -

" Scheme of Shorapur electrification has been included in scheme for relieving unemployment in year 1955-56 Survey completed, site selected but now it has been overlooked as informed by Superintending Engineer, Hydro and Districts " letter No FPS/H/3/2067 dated 12th July that this scheme has been included in second five year plan In this connection delegation is proceeding

---

Sir,

With reference to your office letter No 857/K dated 20th July 54 I have submit herewith a copy of the resolut ion passed by The Sub Committee showing the requirements of Shor_pur Muni_ci_ality to be included in the Second Five Year Plan Please acknowledge the receipt

Yours faithfully,

Executive Officer, 11/8/54

* Blocks one in Shorapur and one in Rangampet are approved each block to contain 50 houses suitable for the people of lower income

True Copy

Sd/- Members of Sub Commit...

The Sub Committee held its meeting on 6th August 54 in the premises of Municipal Office under the Chairmanship of Shri Ramanna Boda to consider over the agenda for formulating the proposals pertaining to Shorapur Municipality to be included in The Second Five Year Plan The following members were present

1 Shri Ramanna Bodda Chairman
2 " Neganna Saheb Vice "
3 " Daulatraj Councillor
4 " Lingappa Desai "
5 " D Govindappa "

The Sub Committee after thorough discussion took the resolutions on the following items

I IMPROVEMENT AND PROVISION OF WATER SUPPLY IN URBAN AREAS

Shorapur Municipality has got a population of 19 000 The people obtain their water supply from the step wells located on the hills These wells are highly infected with Guinea Worm as a result of which 50 per cent of the population are suffering from this disease

(a) Recently experiments have been carried out regarding the feasability of water supply from Lachampur Nala On investigation it has been found that

I The quantity of water is inadequate
And
II The water is unwholesome

Hence the above scheme is given up

(2) The Local Engineer, Gulbarga has framed a schems amounting Rs 36060/- This scheme is based on 3 wells which will be provided with pumps and storage tanks nearby The public obtain their requirements from these tanks through cocks The main object of this scheme is not to supply adequate water to public, but to eradicate Guinea Worm which is prevalent through out the town Under unavoidable circumstanc the present scheme as framed by L E amounting Rs 36060/- has been accepted as a temporary relief This scheme does not meet the adequate requirements of the public and thus the problem of Water Supply remains unsolved

(3) The only sound proposal in sight is to tap River Krishna which is about 6 miles away from here and redress the grievences of the public once for all

II DRAINAGE SCHEMS FOR MUNICIPAL AREAS

In the absence of adequate water supply the proposal for the construction of regular drains within the Municipal area will not be proper If the aforesaid scheme of Water Supply from River Krishna is included in The Second Five Year Plan the constructions of the regular drains may be taken side by side The Government is earnestly requested to consider symphathetically over the above mentioned scheme

III SCHEMES FOR SUPPLY OF ELEC POWER TO SMALLER TOWNS

New engines are being supplied to Gulbarga Power House and those working at present will be transferred to Yadgir Power House Hence the engines working at present in Yadgir Power House with all the necessary equipment for the generation of Elec current may be shifted to Shorapur

IV SLUM CLEARANCE & HOUSES FOR LOWER INCOME GROUP

2 Blocks one in Shorapur and one in Rangampet are approved Each block to contain 50 houses suitable for the people of lower income

Scheme for supply of Electric Power to smaller towns

Sir

With reference to your office letter No DSP/12/5069 dated 17th September 1954 I have to state that the subject was placed before the Committee held on 6th August 54 and it was decided to take up the work According to the decision of the Co mittee the proposals were sent to the Secretr it Lo al Govt Hyderabad vide this office letter I o 596 dated 9th August 1954

Recently the Hon ble Minister Local Govt Paid a visit to Shorapur and an address was given to him on behalf of Municipality in which it is pointed out the the electric power is absolute necessary to Shor pur R ng mpe nd Timmapur The Hon le Minister promised to comsider over it symphetecially

Th Local Engineer h s prep red a w ter supply scheme for Shorapur nd th s e h s received the approvel of the M Committee The scheme h s been submitted to higher authorities for necessary sanction In the scheme under reference oil Engines are to be used for pumping water Elec Power will be us d for pumping water provided it is evailable before the implementation of the above water supply scheme

There are altogether 1500 Looms in Rangampet nd Timmapur worked on manas Labour If power is made avail ble at an cheap rate these weavers will have the oppor tunity to make use of it

Now it is understood th t new engines are provided to Gulb rga power house nd existing one if tr nsferred to Shorapur it will serve the purpose

The questionn ire from is duly filled and submitted herewith Ple se ack-nowledge the r ceipt

o sooner we receive the survey pl n of Municipality from the office of the Town Planner I shall send three copies as desired

Yours faithfully

From the letter under reference it is seen that the Shrapur town is included in the 17 towns sanctioned by the Planning Commission, Govt of India for electrification under the First Five

— — — — — — — —

year plan in connection with
solving the unemployment
problem. It is also evident that
Dept is also taking necessary
action for implementation of
the above scheme.

The President C.P. Shora
Lady Visit has stated
through telegram
that the Superintending Engineer
Hydro & Electricals though letter
No EPS/H/8/2067 dt 12.5.55 has
informed that the Shoraper electrification has been
overlooked. It is not known why
the Shoraper town has been excluded
from the above 17 towns sanctioned
The P.W. Dept is therefore requested
kindly to let this office know
the facts of the case & also the
result of action taken for implementation
of the scheme in question

To,
The Secretary to
Govt P.W. Dept
(R&B) Hyderabad

U O No GVD-78/MGV/55-2568 Dated 26th Aug 1955

Subject:- SCHEME FOR THE SUPPLY OI ELECTRIC POWER TO SHORAPUR TOWN GULBARGA DISTRICT

Ref - Local Govt Dept U O No 4283/199/17/54 dated 9th Aug:1955

55

→ P 12

It is clarified that previously the electrification of Shorapur was proposed under the Second Five-Year Plan and on this basis the Superintending Engineer, Dist. Power Schemes, informed the President, Municipality, Sherapur Subsequently it has been decided to take up the scheme in the First Five-Year Plan under the scheme for relief of unemployment. The town of Sherapur is included in the sanctioned scheme of Rs 47 50 lacs The Superintending Engineer has since informed the President, Municipality clarifying the present position

The survey of Sherapur has been completed and tenders for Generating Plant and equipment for distribution lines invited As soon as the Plant and equipment are received the works will be started.
